WALCHEM

Sensors, pumps and controllers for the water treatment industry including web based solutions.

MIOX Corporation is the innovator and industry leader in on-site chemical generators for water disinfection.

PEECO®

Ex Proof Flow Switches

A UTC Fire & Security Company

World leader in flame, fire, gas (LEL and Toxic) detection instruments and complete systems featuring EQP Control systems that comply with all current regulations.

RealTech Inc. is Shining light on Water Quality.

Panel Meter Displays and Flow Computers

Flow measuring instruments making use of technologies to handle liquid, gas or steam. Applications in line sizes from 1/16" to over 100".

more sensors, more solutions

Temperature and Serial I/O analog, discrete transceivers to replace signal cabling

CHINO

Chino is a worldwide supplier of Sensors and Instruments and systems for the measurement of temperature, moisture and humidity.

Thermal Mass Flow instruments for flow monitoring including stack gas applications.

Compressed Air Dryers, Filters and products for clean dry compressed air

Pressure and Differential Pressure Transmitters

Full line of wet analytical products for industrial and environmental treatment systems.

Panel Meter Displays and Flow Computers

Submersible Pressure Transducers and Pump Control Modules
